Meeting Types: A web-enhanced course is a traditional course offered face-to-face using Blackboard Ultra or some learning management system or web presence to enhance the course. The **hybrid-blended** course is half face-to-face or the use of a virtual tool such as Collaborate or Zoom, and the other half involves using Blackboard Ultra or some learning management system or web presence to enhance the course. The **online** course is offered fully online using Blackboard Ultra or some learning management system or web presence to enhance to enhance the course. You will need to contact your instructor if they are using a different LMS besides Blackboard Ultra.

You are expected to log into <u>https://navajotech.blackboard.com/</u> or the required Learning Management System (LMS) used by your professor. Please check your <u>Skyhawk email</u> for specific course instructions from your online professor. Please read the following information carefully and refer to the attached document for essential information about entering and preparing for your online course in Blackboard Ultra. If you do not have a Blackboard Ultra account, please see the IT Department or send an email to <u>its@navajotech.edu</u> to request account information.

How to log in to the SSO account

1. Go to and click the **"SSO Login"** link at the top bar or main NTU webpage.

2. Enter your NTU username and password. (Note: IT department creates an account. If you do not have an SSO account, email <u>its@navajotech.edu</u>).

3. Once you successfully log in, the SSO page should appear. Click on Blackboard Ultra to find your courses.

In Blackboard, your course can be found under "Course".

How to Find Your Course(s)

Your courses are located under **"Courses"**. You should see semesters listed. Click the down arrow next to the current semester to see the courses for that semester. You will normally be enrolled in a Blackboard Ultra course site the day after you officially register for a course.

PREPARATION FOR ONLINE COURSES

Information about online courses is available on the <u>E-Learning Resource</u> and <u>Student Resource</u> pages. To see a detailed course description and any additional instructions provided by your instructor, select Spring 2025 courses.

Blackboard STUDENT ORIENTATION COURSE – ready!

Under 'Course', you will see a 'Blackboard Ultra 101 - Student Orientation Course' course. This course is to help you use the various features of Blackboard Ultra. Please review and complete this course once it is available.

ONLINE TUTORING TOOL

You also have access to a free online tutoring tool. You can access the tool in your online course by clicking the **NetTutor** link. NetTutor has Subject Matter Experts in all areas. Please use this resource to help you with any challenges you may have in your course. For more information, go to URL, <u>http://www.navajotech.edu/online-tutoring</u>.

Select a Nettutor Subject Matter Category.

Once you are in the course listings for the semester, click on the course title.

Before your course begins:

1. Obtain your textbooks, most are available at the <u>NTU Bookstore</u> or through other online booksellers such as Amazon. Refer to your syllabus for book information.

- 2. Check your computer requirements.
 - a. Go to https://navajotech.blackboard.com/ and log in with your NTU Skyhawk Email.
 - b. Contact Technical Support if you have questions at <u>NTU IT Helpdesk</u>.
- 3. Help with common problems can be found in <u>Student E-Learning Resources.</u>
- 4. Instructions to add a photo to your course profile can be found at <u>Add Your Photo to Your Blackboard Profile</u>
 5. New to online learning? NTU Online Student Policies and Procedures can help you navigate.
- 6. Is online learning for you? Online Learning requires computer skills, communication skills, and being a motivated self-starter. Complete the online readiness for online learning by filling out the following assessment to get a good idea of your readiness, NTU Online Learning Readiness Quiz.
- 7. You must have dedicated access to a computer that connects to the Internet loaded with Chrome or Browser.
- 8. Read the <u>E-Learning Tips</u> for Success on how to be a successful online learner.

9. Ensure you attend your online courses weekly. Refer to the <u>online attendance policy</u>. Online students need to login into their Learning Management System (LMS) at least 3-4 times a week.

10. Do your own work. Refer to the <u>E-Learning Student policies</u> for more information.

Attend the first day of class:

1. Go to: https://help.blackboard.com/, log on to Blackboard Ultra using your Skyhawk ID and Password, and begin working.

2. Online courses follow the NTU academic calendar. It is important to begin working within your course on the first day of instruction.

3. Additional information about Blackboard Ultra can be found at <u>Student E-Learning</u>.

Nitsahakees Bee'anoseel Student Success Center

Tutoring is available to all students in the <u>Nitsahakees Bee'anoseel Student Success Center</u> located on the Crownpoint Campus. The lab offers tutoring services and general use of computers. In lieu of structured tutoring, the facilities may be used simply as a quiet place to work on homework assignments. Hours of operation vary from semester to semester but include some afternoons and evenings. Specific hours are posted on the entrance door and on posting boards throughout the campus.

Tutorial Services is also a source of employment site for students qualified for the work-study program. The Nitsahakees Bee'anoseel Student Success Center is located on the first level of the Student Union Building, Rooms 145 and 146.

Technical Assistance:

- 1. For Course Support: see your Blackboard Ultra course for contact information.
